The stainless appliances finish off this space perfectly. Upstairs you'll find three generous bedrooms and a full bathroom. The primary bedroom has good closet space and the other two bedrooms are perfect for kids, guests, or your home office. The finished basement gives you even more room to spread out with a rec room that works great as a playroom, teen hangout or workout zone and bedroom. The carpet is brand new! There's also a three-piece bathroom, laundry, utility area and a fun little kids' art or craft nook tucked away for creative projects. It is the cutest! You get a private fully fenced yard with artificial turf so you can forget about mowing all summer. Garden boxes are already built and ready for your veggies or flowers. There's a patio area with room for a solid gazebo so you can relax outside even when it's a bit drizzly. (Gazebo included! Imagine the conversations under it on some great patio furniture.) You'll love the convenience of the back alley access to the oversized double detached garage. Plenty of room for two vehicles, your toys, storage and a workbench to tackle all your weekend projects. It has in-floor

heat, 24 x 24 with 10 ft ceilings, built in 2015, it is SOLID! Parking will never be an issue here. In addition to the garage you have front driveway parking for two more vehicles. It's nice to not have a neighbour right beside you. Living here puts you close to everything you need.
