If you want to stay cool, this home has you covered as well, with central air that will keep you cool all summer long while you watch some TV on the wall-mounted big screen TV. The expansive kitchen features TWO islands, gas range, and KitchenAid appliances, as well as a walk-in pantry. The primary ensuite is a dream, with his-and-hers vanities as well as his-and-hers walk in closets featuring built-in dressers and shelving. The basement is a blank canvas awaiting your designs, but has all the rough-ins needed to make a second primary suite downstairs, as well as have a large rec room (read: large open basement).
