Welcome to 546 Parkview Close NE. This is a truly special home tucked just steps from the river and walking trails, with no neighbours in front or behind. The curb appeal is off the charts with modern siding, hand-picked river rock accents, and a wraparound porch that looks straight out of a magazine. Inside, this two-story home offers over 2,000 sq ft of thoughtfully designed space. The main floor features a bright living room, a formal dining room, and a kitchen that's as functional as it is stylish. It features a corner pantry, tons of cabinet space, a complete appliance package, updated countertops and backsplash, and a casual dining area. You'll also find main floor laundry with a sink and a convenient two-piece bathroom. Upstairs, the primary bedroom includes a walk-in closet and a four-piece ensuite. Two more large bedrooms and another full bathroom complete the upper level. The fully developed basement adds even more living space with a family room, a rec room with a wet bar, a fourth bedroom, and another four-piece bath. The fully fenced backyard is a showstopper with mature perennials, raised garden beds, a patio area, a shed, and a 24x28 heated detached garage with 220V power. Extras include a built-in sound system throughout the home, a high-efficiency furnace and hot water tank, and shingles that were redone just a year ago on the house, shed, and garage. Set just steps from walking paths, trees, and nature, this is a rare and special home you'll want to see in person. Call today to schedule your private viewing!
