The back yard is an exceptional area with a beautiful Gazebo for your activities and extensive flower beds create a warm, welcoming and relaxing space to enjoy any summer day! Step into the home to be greeted by a spacious foyer and a large bright living/dining room area with vaulted ceilings. Gleaming Hardwood Floors lead you through most of the main floor. A spacious kitchen and breakfast nook make daily activities a dream as you prepare meals with upgraded SS appliances all replaced in the last year! Step down into your family room and treasure the space with a comforting gas Fireplace surrounded by beautiful oak bookcases. The large bright window creates a picture frame of the amazing back yard! Convenience is provided by a main floor laundry room and the den that provides a comfortable workspace just off the back entry. The upper floor provides great family space with 3 bedrooms, and the Large Primary bedroom offers a walk in closet and full 4-piece bath. This former show home offers a great family living experience. With an unfinished basement you still have the chance to create you own special place.
