Welcome to this spacious bungalow on Shannon Drive in Olds — a solid family home with great potential and a number of thoughtful updates already completed. Offering over 1,200 sq ft on the main floor, this property sits on a good-sized lot close to parks, green space, and local amenities. Inside, the main level includes three bedrooms and two full bathrooms, including a primary bedroom with its own 3-piece ensuite. Several updates over the past two years bring a fresher feel to the home: vinyl plank flooring throughout the main floor, updated lighting, fresh paint in the home and garage, and kitchen improvements such as painted cabinetry, new countertops and backsplash, and a custom island. The living room feels warm and inviting with its wood-burning fireplace. The basement offers plenty of additional space with a large family room, another wood-burning fireplace, a generous bedroom, a full 4-piece bathroom, and a roomy laundry/utility area. It's a great layout for families needing extra room or buyers looking to personalize the space. Outside, the home features metal siding with brick accents, a double attached garage (with workbench and a gas hookup for a heater), and a wide driveway. The yard includes newer sod in the backyard, an apple tree, and mature spruce in front. Alley access and a rear parking pad provide added practicality. Shingles were replaced in 2015. If you're looking for a well-sized home with updates already started and the opportunity to add your personal touch, this property is worth a look. Book your showing today!
