Welcome to a stunning and stylish Woodmaster Homes built bungalow on an amazing lot with a large, bright TRIPLE attached garage, this is a home with VIEWS of the foothills and lots of trees behind the lot. This well thought out plan features Luxury Vinyl Plank flooring through out, and a large kitchen with a spacious island, eating bar and pantry. You will LOVE the bright sunshine that comes through the floor to ceiling triple paned windows that look out over your private west facing backyard and a wonderful large vinyl rear deck which is complete with a gas line, perfect for sitting outside and taking in the fresh air and amazing views. This open concept floorplan has vaulted ceilings and has been designed with plenty of space for dining and entertaining. The living room is bright and inviting and includes a fireplace for ambiance and warmth. The primary bedroom is large and bright with a great walk in closet and there is a 4 piece ensuite with an upgraded shower and 10MM door. A large second bedroom and a spacious laundry room complete the main floor. Downstairs you will find large bright windows and partial basement development which includes the framing and the tub installed in the bathroom, there is also a separate entrance into the basement from the garage. This opens up endless opportunities for working from home or applying for a home based business. Other significant upgrades include Hardie Board Siding, an insulated and drywalled garage, and the front landscaping completed. This home will come with New Home Warranty. The builder can also finish the basement if a buyer would like so please ask about this opportunity.
