Welcome to The Bennett 2 – a striking 3-storey home that blends modern design with everyday functionality. Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features, plus moving concierge services included in each home. Enjoy a thoughtfully designed layout featuring an open-to-above great room that creates a bright, airy atmosphere. The executive kitchen offers built-in stainless steel appliances and a walk-in pantry, perfect for entertaining or family living. Relax on the third-floor balcony, ideal for morning coffee or evening unwinding. The spacious primary bedroom boasts a luxurious 5-piece ensuite with a tiled shower and standalone tub. With many windows throughout, this home is filled with natural light across all three levels, offering comfort and style in every corner. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
