Experience Serene Country Living Just 10 Minutes from Crossiron Mills. Welcome to this stunning 8.5-acre oasis, perfectly nestled among mature trees with breathtaking views and a tranquil creek running along the eastern side. If you're looking for the perfect blend of peaceful rural charm and modern luxury, this property is it! The 2,300 sq. ft. bungalow was fully rebuilt from the ground up in 2012 on its original 1980 foundation, offering a modern, open-concept design with high-end finishes. Step inside to a spacious foyer leading into a sunlit living area with **large windows** that flood the space with natural light. **Main Features:** **3 spacious bedrooms**, including a luxurious master suite with a 5-piece ensuite and an enormous walk-in closet. Main-floor laundry for convenience. An 800 sq. ft. east-facing and 340 west-facing deck, perfect for morning coffee or entertaining guests. Fully finished basement featuring 2 additional bedrooms, a full bathroom, a wet bar, and a large family room for gatherings. Oversized detached double garage for vehicles, tools, and storage. Fully Permitted Commercial Kitchen. This property comes with a separate 854 sq. ft. commercial kitchen that is fully permitted by Rocky View County. Currently, it is successfully hosting weddings, parties, bridal showers, and private events, generating strong income (business not for sale, but new owners can use the space as they wish). Large deck surrounding the kitchen. Small dining area that accommodates up to 20 guests. Two separate restrooms for convenience. Perfect for Hobby Farmers & Livestock Owner. Whether you're dreaming of a hobby farm or a peaceful equestrian retreat, this property offers ample space for livestock. It has been previously set up with pens and electric water heaters, with plenty of room to install additional heating for horses. This property comes with a 12' x 24'.

cottage featuring a washroom and power connection. While not currently insulated for winter, it can easily be converted into a cozy guest house, home office, or even a winter-friendly retreat with electric wall heaters. Alternatively, it can be used as a garden house to start your own indoor planting space. This property comes with a 12' x 24' cottage featuring a washroom and power connection.
