Morrisroe 5 Bedroom, 3 Bathroom Bungalow with Front Garage ~ This charming home in the heart of Morrisroe offers a warm, welcoming feel and a picture-perfect streetscape that suggests the home is where the heart is, as if in a year-round Hallmark scene. Surrounded by a mix of mature trees, the property features a fully fenced backyard and an east-facing ground-level front deck—an ideal spot for enjoying morning coffee and afternoon shade. Inside, the living room is anchored by a cozy brick-faced wood-burning fireplace. The open-concept main living area is filled with natural light throughout the day with a lovely chandelier sparkling above the family dinner table. The kitchen offers wood cabinetry, a raised counter to allow guests to interact with the cook without being in the main flow of meal preparation, newer stainless steel appliances (including a convertible double oven), and a convenient prep sink overlooking the deck and yard. The main floor includes a 4-piece bathroom, two bedrooms, and the primary bedroom with a uniquely designed 3-piece ensuite. The fully developed basement adds exceptional flexibility, with two additional bedrooms (windows may not meet current egress), a large family room (the white 3-piece wall unit will stay), extra storage closet, a dedicated storage room, and utility room with laundry space. Step through the back door to the impressive backyard retreat. The huge deck—with partial covering—has long been a favourite spot for unwinding or hosting guests. Off to the side, a dog run keeps paws clean, especially helpful with the underground sprinklers that maintain the lush green lawn. The yard also includes a shed, firepit area, and garden beds. The 22' x 20' garage is unfinished but offers valuable storage space in the high ceiling area. Notable Updates: New Electrical Neutral Line (2025) ~ Underground
