Welcome to the Capone — where bright, modern living meets thoughtful design. This home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features. Step inside to an inviting main floor enhanced by LVP flooring and abundant natural light. The rear kitchen is a standout, featuring built-in stainless steel appliances, quartz countertops with undermount sinks, a walk-in pantry with French door, and a spacious island perfect for gatherings. Enjoy easy access to the rear deck for outdoor living. The great room offers a cozy electric fireplace with a mantle, creating the ideal space to relax. Upstairs, the luxurious 5-piece ensuite includes tile flooring, a tiled shower, and a generous bank of drawers—also found in the main bath for added convenience. A beautiful balcony adds even more space to unwind. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
