A door off the kitchen leads to a huge upper deck, perfect for morning coffee or relaxing summer evenings. Down the hall you'll find the main 4-piece bathroom and two bedrooms, including the primary suite with his-and-her closets and convenient access to the main bath. The fully finished basement is bright with large windows and offers a spacious family room ideal for movie nights or unwinding with family. You'll also find an updated 3-piece bathroom with a custom tiled corner shower, a laundry/utility room, and two additional bedrooms. Recent updates include new paint and trim, updated light fixtures throughout, new basement flooring, and a high-efficiency furnace (4 years old). Shingles were replaced just 2 years ago for added peace of mind. Outside, you'll enjoy a large backyard with plenty of storage under the massive deck and back alley access with a gravel parking pad spacious enough for two vehicles. A storage shed adds even more convenience.
