The front living & dining rooms enjoy double-level windows and space to spread out, while the kitchen, nook & family room with gas fireplace face the backyard. West-facing yard with large deck and mature evergreen trees provides privacy and the perfect setting for family BBQs. The double attached garage is adjacent to a den which has been converted to an awesome gear room! Powder room and large pantry (formerly a laundry closet) also on this level. Upstairs, you will find an incredible loft that makes your work-from-home, yoga or art studio dreams come true! The primary suite features a renovated ensuite bath complete with oversized walk-in steam shower! The 2nd and 3rd bedrooms are nicely sized with their own full bathroom. On the lower level, you'll find a huge rec room for kids to play or add a couch and big-screen TV for the ultimate movie nights! There is an additional flexible space that can be a home office, gym or games room - or, add a larger window to this room to create a 4th bedroom. The storage room is honestly incredible, perfect for organizing the whole family's gear! Enjoy newer furnace, tankless hot water heater, appliances, paint, light fixtures, fence and water softener in the past 6 years while the shingles are approximately 10 years old.
