Pride of ownership and updates abound in this lovely Uplands home, with walkout basement + double attached garage. Lots of natural light on both levels. You will enjoy the large above ground windows in the lower bedrooms, and the private feeling in the backyard. There are 4 good size bedrooms + 3 full bathrooms. Peace of mind inside & out, as approximately in 2018 there were 35 year shingles installed. Last year this owner installed new high efficient furnace + also upgraded with a Trane heat pump for central air conditioning. The outside mounted heat pump can also be a supplementary heat option for mild spring or fall months. The yard is fully fenced and landscaped, with underground sprinklers installed in front and back. Up-to-date 2023 Real Property Report + City Compliance letter included.
