Located in WEST HILLHURST, this modern SEMI-DETACHED NON SUITED infill delivers the kind of layout and design that simply works for inner-city living. Clean architecture, generous windows, and multiple outdoor spaces set the tone and well-suited for daily life near the river, downtown, and some of Calgary's most established amenities. A defined foyer creates a proper sense of arrival and keeps the main living areas feeling calm and composed. Just off the entry, a POCKET OFFICE with built-ins and glass detailing offers a dedicated work or study space without disrupting the flow. The main floor opens into a dedicated dining area that naturally connects to the kitchen, creating an easy rhythm for daily life. The kitchen anchors the home with a large island featuring bar seating and an integrated sink. The appliance layout is designed for real use, keeping prep and cooking zones efficient and intuitive, with a full-size side-by-side fridge/freezer, gas cooktop, and wall oven. A BUILT-IN PANTRY provides generous storage while maintaining clean sightlines. At the back of the home, the living room feels warm and inviting with a GAS FIREPLACE and expansive patio doors that open to the CONCRETE PATIO, extending the living space outdoors. A discreet powder room and a well-designed MUDROOM with BENCH AND HOOKS complete the main level. Upstairs, the second floor is dedicated to rest and privacy. The primary bedroom is a calm retreat, finished with a TRAY CEILING that adds subtle architectural interest. The ensuite includes a FREESTANDING TUB, dual sinks, and a separate shower with bench seating. Two additional bedrooms are thoughtfully positioned away from the primary and share a full bathroom with dual sinks, and the laundry room is placed right in the middle of the layout for ease. The upper loft level adds a lifestyle

layer rarely found in inner-city homes. A spacious loft with a BAR and sink works as a media lounge or entertaining space, while a FLEX ROOM adapts easily as an office or guest room, complete with pocket door access to the 4-pc bath. Outside, a BALCONY offers an outdoor retreat, creating a private, elevated escape with room to relax or host. The fully developed basement continues the theme of flexibility and function.
