Welcome to the Abbott 2 – a beautifully designed 3-storey home that blends style, comfort, and functional living. Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Energy efficient and smart home features, plus moving concierge services included in each home. The main floor features a versatile flex room and a modern great room centered around an electric fireplace with floor-to-ceiling tile. The contemporary kitchen offers stainless steel appliances, a chimney hoodfan, and a spacious walk-in pantry, with a rear deck just steps away for effortless indoor/outdoor living. On the upper levels, enjoy a luxurious 5-piece ensuite, many windows that fill each floor with natural light, and an impressive third-floor balcony—the perfect private escape. Thoughtfully designed and rich in features, the Abbott 2 brings elevated living to every level. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it's designed for sustainable, future-forward living. Featuring a full range of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
