Thoughtfully maintained and extensively upgraded, this home delivers peace of mind and modern comfort. Major exterior improvements include a new roof, siding, and updated venting (2021, venting completed January 2026), along with a new high-efficiency furnace (September 2025) and plumbing updates throughout. Inside, the kitchen renovation completed in summer 2025 features ample cabinetry and generous (quartz!) counter space, with room to add a pantry or additional storage to suit your needs and all new stainless steel appliances. The 4-piece bathroom has been updated within the last two years, while the half bath received updates in December 2025. The bright and welcoming south-east facing living room is filled with natural light and showcases a charming bay window. The main level also offers the convenience of laundry, a large front entry closet, and an additional utility/storage closet for everyday organization. Upstairs, you'll find three bedrooms, a full bathroom, and linen storage. The basement has 2 flex spaces great for play, work, or your fresh and creative ideas. (Windows do not meet egress). The basement also includes plumbing rough-ins, providing future potential to add another bathroom and expand living space.
