Excellent opportunity to lease a well-appointed industrial condo bay located at 34 – 5610 46 Street SE, in the heart of Calgary's established Southeast industrial corridor. Zoned I-G (Industrial General), this versatile property is ideal for a wide range of industrial and commercial users. The unit offers a total building area of 3,080 sq. ft., constructed with a durable steel frame and featuring an estimated 18–22 ft clear ceiling height. The warehouse is serviced by a 14' x 14' rear overhead door, overhead radiant heating, hose connection in the rear bay, and three-phase 220V power, making it well-suited for light manufacturing, warehousing, trade contractors, or service-based industrial operations. The front office area includes approximately 870 sq. ft. of mezzanine space, featuring a main reception area with a service counter leading into a second office room. The unit is equipped with two washrooms—one in the front office area and a separate washroom in the warehouse. An added bonus is the fenced and gated rear storage yard, approximately 1,500 sq. ft., secured with an 8-foot security fence, providing excellent outdoor storage or staging space. Permitted uses under I-G zoning include (but are not limited to): warehouse and distribution, light manufacturing and assembly, vehicle service and repair, contractor services, industrial operations, equipment and material storage, printing and publishing, research and development, sign manufacturing, custom manufacturing, and office uses ancillary to industrial operations. Discretionary uses may include select retail, personal service, childcare, or car wash uses, subject to City approval. This clean, functional, and flexible industrial bay is ideally suited for owner-operators or growing businesses seeking a strategic Southeast Calgary location with excellent access to

major transportation routes.
