This RARE and VERSATILE 32.17 Acre property presents an exceptional opportunity to step into a THRIVING Horticultural business while enjoying the comforts of country living—just 20 minutes east of Calgary and mere minutes from the De Havilland Commercial Airport development. With 3 separate addresses, each offering independent access, roads, and services, this property is also ripe with subdivision potential. The turn-key business includes established wholesale contracts for annual flowers and food plants, a busy retail garden centre complete with an online store, and a loyal local customer base. Springtime bursts into colour with 4 massive greenhouses full of flowering plants, while another greenhouse awaits rental opportunities for additional income. There’s also space allocated for sea cans, offering potential for year-round production. Infrastructure is expansive and well-equipped: 7 greenhouses, 2 Quonsets, a dugout, a heated pump shack, and access to 35 acres of permanent irrigation rights via a canal ensure that this business is built for success in every season. The main residence is a beautifully renovated 2,608 sq ft home featuring 4 bedrooms—including 2 with en-suite—a gourmet chef’s kitchen, stone fireplace, spacious living and dining areas, and extensive landscaping. A full basement remains undeveloped, offering more room to expand. The 2nd home is a modernized 1,548 sq ft mobile with 3 bedrooms, 2 bathrooms, and generous living space. Additional structures include a 120’ x 50’ Quonset with concrete flooring, high ceilings, heating, cooling, and 3-52’ sea cans ready for year-round growing, plus a 2nd heated 30’ x 45’ Quonset with a walk-in fridge and workshop. The retail garden centre building is fully heated and features sales space, offices, a lunchroom, and 2

bathrooms. With an estimated \$400,000 in inventory&ampmdashfrom grower pots and plants to greenhouse and irrigation supplies&ampmdashthis business is primed for a seamless transition.
